

The Happy Wanderers Walking Club Group Walk Event Expectations & Guidelines

1. **The safety of all members and walkers is paramount! Do NOT attend if you are sick, have flu-like symptoms, or have tested positive for the COVID-19 virus!**
2. Bring your own water, and a pen for the registration log.
3. We would prefer you wear a face mask during registration and any announcements, so bring one or let us know if you need one and we will try to get them.
4. When you arrive, keep a distance from the registration area until it is clear of anyone signing in, then go forward to the sign-in location.
5. Our walk leader handling the log will be wearing a mask and wave you forward.
6. For paid walks on Sundays, we recommend you buy “blue dots”, available for purchase at any walk. Please see Dan Spink for your purchase. It is recommended that you buy dots in increments of 10. Pricing is \$2.50 for members and \$3.00 for non-members paid in cash (for minimum handling, please bring exact change) or check. (Payable to The Happy Wanderers Walking Club)
7. We will have hand sanitizer available and wipes to keep surfaces cleaned as needed.
8. After registering, you can remain spaced out in the general area, or return to your car until we are ready to start.
9. We will keep announcement to a minimum, or start putting those things in e-mail traffic to members
10. On Wednesdays, when we have 10 people or more waiting, we will launch a group onto the walk early. We will need multiple group leaders when we have additional walkers. Groups will spread out to achieve good social distancing between walkers 6 – 10 feet. (If you live under the same roof and want to stay together as a couple, that acceptable.)
11. On Sundays if we have more than 10 people for either the 5k or the 10k, we will make extra groups and ask for a leader to take a map and directions for each group.
12. As the situation improves, we might not have a meeting place for our traditional meal after walks. For Wednesday ice cream walks, we hope to be able to visit most of the ice cream shops, subject to their set-ups and distancing rules.
